- Offices

The PC3000 and PC4000 are AUDAC's flush mount wall program selectors.
They are compatible with Audac, Niko, bTicino and standard U40 installation materials. And are is available in black (/B) and white (/W).

The channel is selectable with a rotatable knob. There's the possibility to select 1 out of 5 different sources.

Due to it's slim and good looking design, these program selectors will blend into all kinds of different environments or interiors.

The construction of the PC3000 and PC4000 is made with sturdy ABS and therefore suitable for big projects in industrial buildings to the standard installation into home design interiors.

The connections are made at the back with screw clamp connectors.

The associated coverplates for the PC3000 are the AUDAC CP45CF. They have to be ordered separately.
The PC4000 is designed to be used in combination with bTicino coverplates.
